## What are Primary Care Leadership Collaboratives?

Primary Care Leadership Collaboratives (PCLC) are designed to support local teams in developing leadership capabilities in each of the [Sustainability and Transformation Partnership footprints](#) (see map).

### Collaborative

We are seeking up to eighteen collaboratives in total, likely to be a practice manager, practice nurse and GP/GDP but potentially including other senior colleagues in practices and other local organisations. Individual practices can form their own collaborative to attend and could use the programme to develop any quality improvement initiatives within their practice. We anticipate each collaborative will already be working together to improve health and health outcomes for communities. Our goal is to enable improvement, integration and innovation across STPs through the collaborative, sharing a common purpose and vision of primary care and future outcomes for communities.

### Overview of programme components

- A blended learning approach with small group discussion, guest speakers on team leadership and innovation, project work and reading resources.
- **Three impact days: Thursday 28 February 2019, Wednesday 10 April 2019 and Wednesday 22 May 2019 at central east of England venue - Holiday Inn, Impington, Cambs**
- Access to coaching and/or mentoring.
- Undertake your NHS Healthcare Leadership Model 360 Feedback.
- Feedback and evaluation.
- Online dedicated microsite.

### Intended outcome

To support, develop and improve leadership capacity across Primary Care, building resilience and sustainability in the workforce. The PCLC also aims to enhance system wide working to support transformation in Primary Care.

### 3 Steps to application

#### Step 1:

- Application form can be found [here](#)
- Only one application form per collaborative.
- It is expected that collaborative members will attend all of these impact days.

#### Step 2:

- Applications close at 10am on **Thursday 17 January 2019**

#### Step 3:

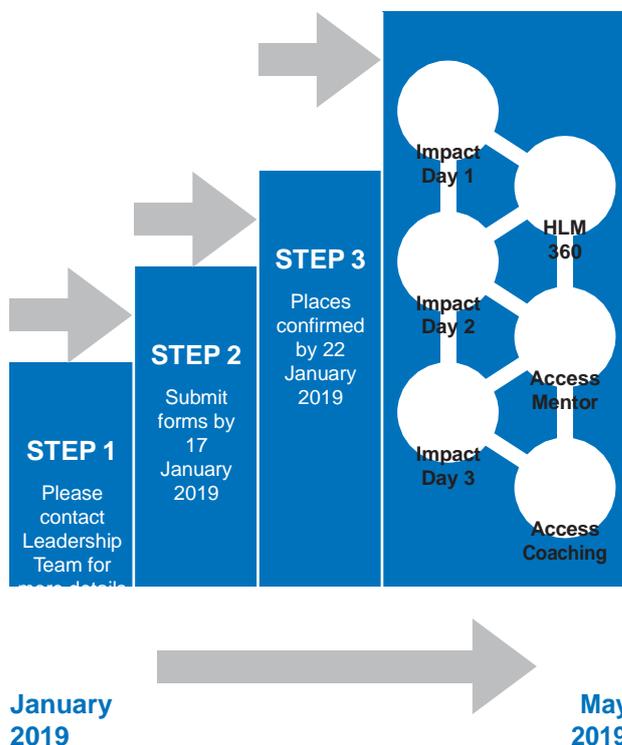

- Successful collaboratives will be notified by **Tuesday 22 January 2019**

If demand is high, we will look to run another programme later in 2019.

### Cost

Please note that each place represents an investment of £1,000 and it's fully funded by the East of England Leadership Academy.

This programme requires full attendance over a series of impact days and should be fully supported by your line manager as part of your PDP. Failure to attend all days will have an impact on both personal development and programme delivery and may impact on the individual's opportunity to access any future development offers.

### Working in partnership with:

Cambridgeshire and Peterborough STP  
Hertfordshire and West Essex STP  
Mid and South Essex STP  
Milton Keynes, Bedford and Luton STP  
Norfolk and Waveney STP  
Suffolk and North East Essex STP
